

#KI2612 | Senior IMS Scheduling Specialist (m/f/d) (Oracle Primavera Cloud – OPC)

Valencia (Spain)

Your Tasks

Join THOST Project Management and become the technical owner of the Integrated Master Schedule (IMS) for a large-scale industrial construction programme.

- Own the administration, maintenance and continuous improvement of the Client Integrated Master Schedule (IMS) within Oracle Primavera Cloud (OPC), ensuring schedule integrity and programme consistency.
- Integrate and coordinate contractor schedules into the Client IMS, ensuring alignment with programme objectives, contractual milestones and client requirements.
- Perform schedule quality reviews and analyses to support programme scheduling, forecasting, critical path management and executive decision-making.
- Coordinate scheduling interfaces between Project Management, Engineering, Construction, Commissioning, Permitting and EPC Contractors.
- Support the preparation of programme reports, executive dashboards and schedule performance reviews.
- Contribute to the continuous improvement of scheduling standards, governance and digital scheduling processes.
- Work closely with the Head of Time & Scheduling Management to support strategic programme scheduling and the successful delivery of one of Europe's largest industrial construction programmes.

Your Profile

- Bachelor's or Master's Degree in Civil, Industrial, Mechanical or equivalent Engineering discipline.
- Professional Experience: Minimum 5 years of experience in project scheduling within large EPC, industrial or infrastructure programmes.
- Proven experience developing and maintaining Integrated Master Schedules using Primavera P6, Microsoft Office and Project, Power BI, IMS and CPM
- Experience in large-scale industrial construction projects is highly desirable.

- Previous experience in automotive, battery manufacturing, energy, data centres or complex industrial facilities is considered an advantage.
- Familiarity with FIDIC contract environments is desirable.
- English and Spanish — Professional working proficiency (mandatory), German — Advantageous

We offer

- Participation in interesting, challenging and future-shaping projects nationally and internationally
- Flexible working environment with modern digital tools
- Targeted further development of your methodological toolset and personal competencies
- Distinctive team atmosphere within our family-owned company
- Holistic climate protection Policy
- Long-term career development within THOST Project Management

About us
